Interview Guidelines for Virtual and On-Site Interviews/Visit

The City Manager Search next step in the process will be to conduct candidate interviews via video technology, such as Zoom or other available options.

The process will be as follows:

1. Notify candidates selected of the virtual interview process.
2. Ensure that the candidate has the appropriate technology to participate.
3. Assure candidates that the virtual process will not affect the consideration of their candidacy.
4. Allow for accommodations, as needed.
5. Provide the date and time of the interview to the selected Candidates.

The Human Resources will be mindful that not every candidate will be able to access virtual interview technology and may need to reschedule or determine an alternate method for interviewing.

1. Test the technology prior to the scheduled interview time.
2. Questions must be the same as what you would have asked in an in-person interview.
3. Keep detailed notes.
4. Inform the candidates during the interview and comply with the Public Records Act.
5. If you plan to video chat with a candidate, make sure you allow them to prepare by letting them know they will be on camera.
6. Be mindful and accommodating of potential audio and/or video delays by allowing extra time.

Final in Person Interview

The selected candidates will proceed to the Final In-person Interview. The city will practice the following safe meeting protocols:

1. No more than ten (10) persons may gather in one closed space. The ten-person limit includes the candidate and the Commission.
2. The candidate must wear a mask during travel and the City premises, monitor daily symptoms, and practice stringent personal hygiene during the trip.
3. All individuals participating in the interviews – Committee, employees, and candidates –if experiencing symptoms of illness, should not come attend the interview in person.
4. If the candidate is experiencing symptoms, he/she must notify the committee after completing the Daily Symptom Screening form and the committee should offer to hold the interview via teleconference or video conference or reschedule for when the candidate is feeling better.
5. If anyone participating is experiencing symptoms, he/she must notify the Human Resources and they should arrange to include the individual via teleconference or video conference if possible.
6. Each participant will be required to wear a face covering. A disposable mask will be made available for each candidate and City participants.
7. Keep in mind the ten-person limit must be followed regardless of the size of the room.
